## Customer Reviews

Everyone agrees that salads are one of the keys to great health and weight loss but they used to have a reputation for being, well, boring. But not any more. Martha Stephenson's Salad Recipes are simply delicious. There are some seriously great dishes in the collection and getting healthy just took a great step in the right direction because you can now eat the best food for your body and really enjoy the experience. Tons of creativity and imagination in the combinations, great instructions (even for people who don't enjoy food preparation) and a feast of salads that will make mealtimes a real high point of any day.

This cookbook has some pretty yummy salads and great if you're looking for a cookbook for weight loss. There are some, of course, that are not to my taste, but that is the same with any cookbook. You don't always love every single recipe in the book. I liked or loved most of these recipes. I recommend this book to anyone looking for some new and different salad recipes.
