Customer Reviews

This was a great book to give you a gameplan for completing your dollhouse. It tells you how to put together your dollhouse from buying to decorating. I wish I had read this before I started, but I'm glad I picked it up before I finished. Very detailed!

As a previous reviewer stated, I wish I had read this book before beginning my big dollhouse project. It is full of good practical advice, written clearly and with many wonderful illustrations. I will employ her suggestions in future projects.

Lots of ideas for miniature house building, doors, windows, trim inside and out. Build your own doors and windows, great!
