ISBN-10: 1572226293

ISBN-13: 978-1572226296

Product Dimensions: 8.5 x 11 x 0.1 inches

Shipping Weight: 3.2 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 starsÂ Â See all reviewsÂ (17 customer reviews)

Best Sellers Rank: #52,477 in Books (See Top 100 in Books) #8 inÂ Books > Engineering & Transportation > Engineering > Electrical & Electronics > Circuits > Logic #24 inÂ Books > Science & Math > Mathematics > Pure Mathematics > Logic #25 inÂ Books > Textbooks > Humanities > Philosophy > Logic

Customer Reviews

Read with an introduction to logic, this BarChart fits well with the student who wishes to 'think-straight,' a task which seems harder to do in this age when ideology and dogma clutter the open-ness of mind which is the requisite of reality-based progress.I carry this chart with me in my back-pack and refer to it often as a corrective to 'boners' and lapses in sound reason. Would that everyone who is patsy for demogogues could do the same!For the price and for the reward of clear address to problem-solving, this chart is certainly 'well worth the price.'--Vernon Lynn Stephens

I completed a Logic class about a year ago and having this Quickstudy is a good reference instead of digging into my notes or textbook .

I bought this for my son's first logic class at Alabama, and it really helped to define some of the basic principles. Good item !

Durable, may be punched to fit a ring binder, fit in standard binder cover pockets, and good for

skim-studying or memory refreshing on a topic.

cool... though i don’t understand it yet... haha... plan on keeping it as a reference.

High quality and delivered on time.

Chart arrived in good conditon.

great.
