Scrapbooking Preserving Your Memories For Life: 96 Fun, Practical, And Easy To Do Tips To Help You Plan And Design A Scrapbook That Will Really Stand Out And Be Worth Remembering

Synopsis

Scrapbooking is more than just sticking and fastening ribbons and buttons or clipping on and putting together photographs and love poems. Scrapbooking marks out special life events. Each page commits to memory people and places in your life you want to cherish. Each page honors all your significant pursuits and undertakings so that they become unforgettable. Each page somehow tells your story-- of love and heartbreak, of like and dislike, of being sorry or being thankful. Each page is a part of you because you gathered every photo and item, you thought of every pattern and trimming ... it was you who cut and glued, embossed and frayed, painted and tarnished to put all the bits and pieces together. Scrapbooking is an enjoyable and very worthwhile activity that becomes a personal representation of you or someone close to your heart. A labor of love, they say. This book covers all the details of scrapbooking -- from the inside content to the outside cover. These scrapbooking techniques and tools will teach you to make flowers, paint fabrics, style ribbons and decorate charms to store treasured photos and precious keepsakes for gift-giving or to save and uphold cherished memories for life.

Customer Reviews

There is no doubt that scrapbooking is a great way to preserve our memories, and this book is a great way to learn how to get started. This book is a must for anyone who wants to start a scrapbook from someone who has never done so before, to those who have experience. This book is chock full of great idea of how to preserve your wonderful memories.

Interested in making a memory that will be treasured? This book, Scrapbooking Preserving, is a wonderful resource that will help you on the way. With easy tips that will help you add flair and dare to your pages, your children, and your grandchildren will be sharing these memories for generations to come.

This book is filled with many original designs and ideas that are great for any level of scrapbook maker! I love having an easily portable idea and instructio guide that I can take anywhere with me, especially to scrapbook parties and family gatherings.

Unlike everyone else who has left a review here, I am a novice scrapbooker. Now that we have a new generation in our family it's time for me to preserve memories that I have locked away in my mind. So I'm delighted to have found this transportable version to help me on my way.

This is the best scrapbooking tool you can get online. If you are just starting out scrapbooking, or, like me, you want some extra tips or insight into scrapbooking, you must get this book. It is great

If you are looking to get into scrapbooking, or are looking for some fresh ideas, this is for you! Plenty of original stuff to try and will keep you busy for some time!

When my family asked me to make a scrapbook of our vacation trip, I was completely lost. I never made a scrapbook before and it seemed so complicated. With this book, I made a beautiful and creative memento almost effortlessly. My family was in awe of all the detail. We will be showing this to all our friends and years from now we will enjoy looking at these pages filled with personality. I am so lucky to have found this book to teach me how to do things the right way.

I am just thankful i bought this book and have it my kindle. This book provided me a lot of information how to be expert in scrap book making. :) It will provide you with the step by step guide and techniques which it so helpful for me. I haven't finish the album that i am working on with the help of

this book but so far I am getting nice feedback already about it. I strongly suggest that you get your copy of this book in your kindle and scrap booking will be easy and fun just like I did. :)
