Customer Reviews

I've owned this book since I met Ted Hake at a pinback show in the early 90's. What a great help it's been in evaluating my collection. With pictures of every pin to help me identify them, it has been a convenient tool. I am also impressed with the extent of knowledge about pin manufacturers, paper inserts, and other related items. The pinback button collector should not be without this book !

This book has been the best book. I use it all the time to look up my pinbacks. I use to sell them on Ebay. Now I just collect. Pictures are great in this book. Highly recommend.
