The Encyclopedia Of Window & Bed Coverings

Synopsis

Completely updated and revised: the latest in window & bed covering ideas, and now with an extensive Bed Covering section, The Encyclopedia Window & Bed Coverings is Charles Randall's newest creation based upon his original masterwork: The Encyclopedia of Window Fashions. This new book continues the tradition of blending historical, classic and contemporary offerings. The Encyclopedia of Window & Bed Coverings is a must have for interior designers, homeowners, and decorating enthusiasts alike. With more full-color and black & white illustrations than ever before, this book presents countless combinations of window and bedding treatments for any room in the home: from a simple rod pocket curtain to a period style masterpiece. 304 pages of cost-saving ideas, yardage calculations and fullness charts, you will quickly see why this book has not only become the industry standard for window decor inspiration, but also the world's best-selling window decorating book. Includes: --Extensive Period Style window decorating ideas in color and black line artwork--Extensive bed coverings section with coordinating draperies, valances, etc.--Hard window coverings coordinated with valances, swags, cornices etc.--Numbered images that will eliminate miscommunications with workrooms and designers.--Equal size color and black line drawings--Extensive yardage calculations--Solutions for difficult windows Chapters:1. Period Style Window Treatments2. Draperies & Curtains3. Valances4. Cornices & Lambrequins5. Swags & Cascades6. Fabric Shades7. Shades, Shutters & Blinds8. Bed Coverings9. Glossary of Decorating Terms; Glossary of Fabric Terms; Textile Fibers & Properties

Customer Reviews

As a window treatment professional for over 25 years, I've owned many versions of the Encyclopedia of Window Coverings. (I still wish I had my original one, for the sake of nostalgia.) This updated, comprehensive version includes bed covering ideas--none of which can be found in a zippered plastic bag! The Encyclopedia of Window & Bed Coverings is a the "go-to" guide not only for professionals, but for the homeowner looking for inspiration and/or a better way to communicate styles with a professional. Thanks for your dedication to the world of custom treatments.

I was looking for a great book on drapery and my search led me to this book. When I received it I truly could not put it down. The renderings are exactly what I was looking for.... up to this day I still am excited by it. The other books in my collection cannot compare to this one. It is simply wonderful! I highly recommend it.

This is very helpful to introduce people to things they can do and a good work tool for guiding people in what to put on their windows and beds

This book is nice its a must have to show to clients

Very nice -- just what I needed.

Great book for professional user
