The Ultimate Honeymooners Guide

Synopsis

Arranging your wedding trip? Congrats! The special first night is an imperative part of the wedding background, and a greatly required break following quite a while of energizing, yet debilitating, wedding arranging. Your special night is the most vital occasion of your life, and arranging it can be an upsetting assignment for any couple: where to go, when to go, when to begin arranging, and so on - such a large number of inquiries! Arranging a vacation can be unpleasant; there are such a large number of choices and points of interest to stress over. Furthermore, in case you're doing all the arranging and booking yourself on the Internet, you may wind up booking your travel game plans over various sites through various suppliers, in various areas. The littlest change by any of the suppliers can divert from your travel plan altogether and ruin your special first night!

Customer Reviews

This is a fantastic book! I wish that I had seen it when we were planning our honeymoon. I plan to share this book with a dear friend that is currently planning her wedding and honeymoon. This book takes a lot of things and puts them into perspective. This should be a fun and relaxing time, not a time of stress. I would recommend it to anyone! I found this book during a promotional offer where I

received the book in exchange for my honest and unbiased opinion.

I've been married for 2 years now and we haven't taken a honeymoon yet. This book certainly helps in giving advice on what not to stress over and what to actually use to my advantage. So it's making me feel more confident on actually planning a honeymoon, glad I came across it!

Six more months until my wedding day so I wanted to get this book so that way we can have the best honeymoon that we possibly can because we are at that stage where we were trying to decide on where to go and how to really enjoy it

Bought this book for a friend and she absolutely loves it. Gave her plenty of ideas for her honeymoon. A must read for any newlywed.

My honeymoon was made a lot better from the tips in this book.
