## Customer Reviews

It's a delightfully amiable book. I'm eager to cook and taste "Pilav" because I really like flavored rice dishes (like the Spanish' Paella). What makes this book interesting is that it talks about the Turkish culinary culture in a friendly and easy-to-understand language while giving tips about cooking and the recipes collection. Now I can incorporate delish Turkish delicacies in my meals. Eating at home won't be that boring anymore, especially when friends drop by for a visit. Check this book out to spice up your gastronomic pleasure!

Before I bought this book I'd not had Turkish food, though I knew that I like Middle Eastern and Mediterranean food. I was totally a beginner, but this book was accessible to even someone with no Turkish food experience. There are recipes for every type of meal (breakfast, lunch, dinner, even dessert!) and most of them are quick and easy. If you're interested in adding more ethnic food to your diet, pick up this cookbook!

I have never tried Turkish cooking before and was looking for something different. This book has so many recipe options for breakfast, lunch, dinner, snacks, and dessert that you will not get bored. The best thing is none of these recipes call for ingredients you can't find at your local grocery store. If you are looking for a new book of recipes, this is it.

I love to experiment with different international cuisine. Turkish cuisine is very interesting. This book turned out to be a great help in exploring Turkish cuisine. It contains the best recipes that Turkish

cuisine has to offer. I've enjoyed this book and recommend it for those who like international cooking experimenting.

The Turkish hamburger recipe is really good. There's a lot more to Turkish cooking than just what I order at restaurants in my area. Planning a trip there next year so this book was helpful to me. Definitely worth checking out for fans of Mediterranean and / or Middle Eastern cuisine.

I love food and I like trying new types of food from different cultures. I've only had Turkish food a few times and enjoyed it. This book will help you cook yummy Turkish food in the comfort of your own home. There are some amazing recipes in this book which are easy to make and don't take long at all. I look forward to trying out something from the dessert recipes.
